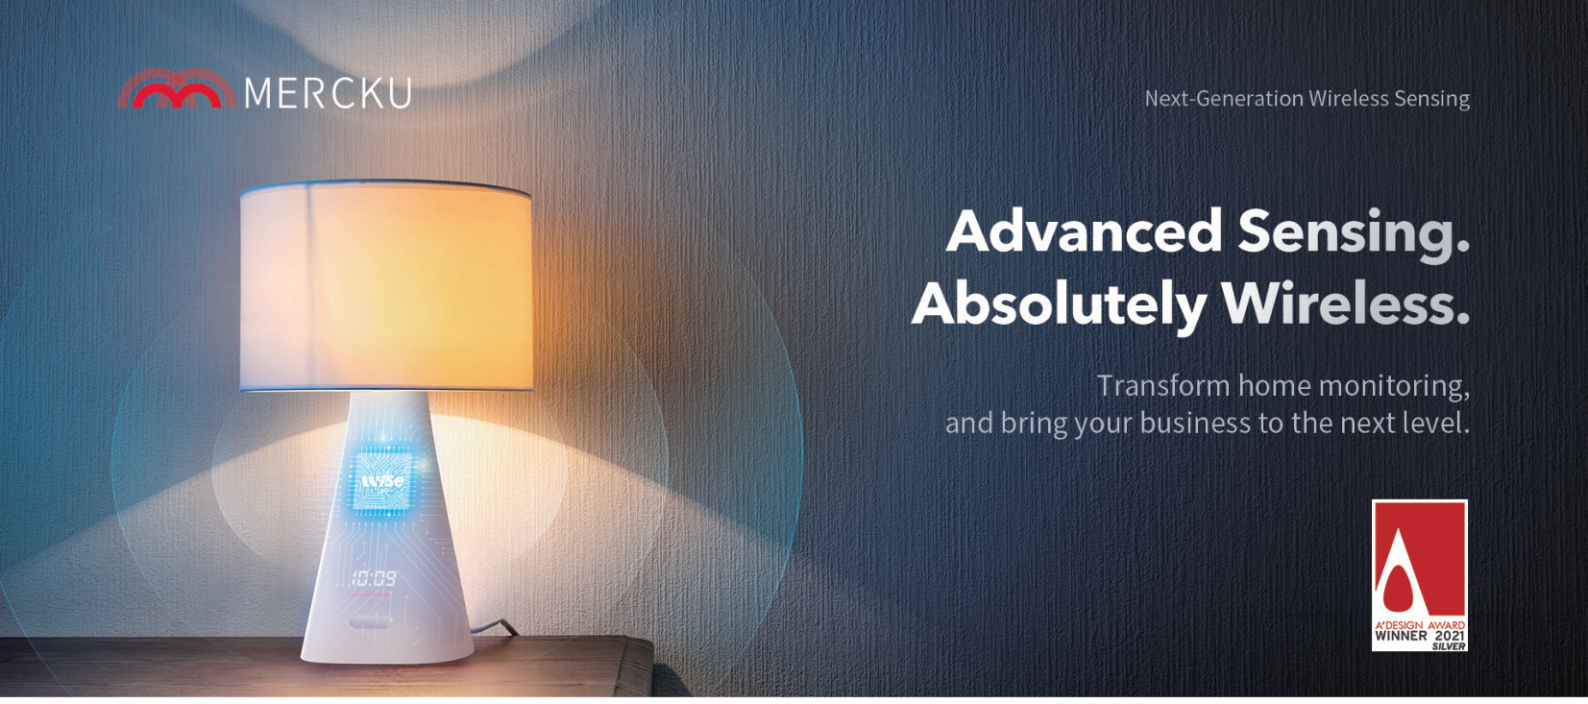
MERCKU

Next-Generation Wireless Sensing



Advanced Sensing. Absolutely Wireless.

Transform home monitoring,
and bring your business to the next level.

A'DESIGN AWARD WINNER 2021 SILVER

Using advanced RF sensing technology, Mercku's Wireless Intelligent Sensing (WISe) accurately monitors the slightest changes in its environment to provide users with insightful health data. Powered by remote health monitoring breakthroughs, WISe provides AI-powered peace of mind for a better tomorrow.
